Dear [Business Owner's Name],

Would [Business Name] be interested in being highlighted within my personal network while supporting my mission trip to the Dominican Republic? I would love to work together on an opportunity that introduces people in my network to your business and gives your team a meaningful way to get involved.

My name is [Your Name], and I am preparing to serve in the Dominican Republic with CUPS Mission. [Briefly describe your connection to the business or local community.]

As I raise support, I am inviting local businesses to participate through options such as:

- **Sponsor recognition:** Make a financial contribution toward my trip, and I will highlight your business in a dedicated thank-you post on my personal social media account, tag your page, and explain how your support is helping make the trip possible.
- **A fundraising night or special offer:** Host an event or provide a trackable coupon, with an agreed-upon percentage of qualifying sales contributed toward my trip. I will share invitations and encourage friends, family, and supporters to visit your business.
- **A featured fundraiser contribution:** Provide a product, gift certificate, or service for a fundraising event. We can agree on how your business will be featured in the event's promotional materials and thank-you posts.
- **A community spotlight:** Share my trip story and personal fundraising link through your business's social media or customer communications. I will thank your business on my personal account for helping spread the word.

I would welcome the opportunity to choose an approach together that fits your business, customers, and our community.

After the trip, I would also be happy to share a personal update, provide a photo thank-you for display, or visit your team to share about the experience.

The purpose behind this partnership is an opportunity to serve with **CUPS Mission in the Dominican Republic on [Dates]**. The mission of CUPS Mission is to "Rescue a child. Transform a family. Do it again tomorrow."

In the Dominican Republic, CUPS Mission helps rescue children from trafficking and exploitation by strengthening families and creating opportunities for a hopeful future. Local

missionaries serve six communities near Sosúa through Christian discipleship, English classes, and sewing and baking schools that equip young people with practical skills to earn a living.

During our trip, we will serve alongside these missionaries in the garbage dump ministry, bringing fresh food and water to people who live and work there, listening to their stories, praying with them, and sharing the love of Christ. We will visit all six communities for prayer walks and home visits, encouraging families and distributing food and supplies. We will also spend time with children through discipleship, crafts, and games. [During summer trips, we will help lead children's Bible camps through Bible lessons, crafts, music, and games.] Our activities will remain flexible to support local ministry needs.

My fundraising goal is [Amount], which will help cover trip costs plus airfare. You can learn more about my trip and contribute at:
