

CUPS MISSION

Dominican Republic. Malawi. Mexico.

Rescue a child. Transform a family. Do it again tomorrow.

Hi *{{First Name}}*,

When four-year-old Gift arrived at CUPS Mission Malawi Clinic, he was dangerously weak from malnutrition and recurring illness. The clinic stabilized him, provided nutritional support, and quickly determined that he needed specialized care at a hospital 50 miles away.

Because his family could not afford the trip, the clinic ambulance stepped in. In 2024, generous donors like you gave above and beyond the clinic's regular monthly needs to provide this ambulance. It transported Gift, and continues to transport other children, to lifesaving hospital care.

The medical team coordinated Gift's care, stayed in close contact with his family, and welcomed him back to the clinic for follow-up treatment. Today, Gift has regained his weight and strength, and he is healthy, active, and playing again.

Gift received help because the clinic and ambulance were ready when his family needed them.

Your gift today can help make sure the same care is available for the next child.

Your gift helps provide:

- **Medicine and nutritional support** for vulnerable children
- **Fuel and maintenance** for the clinic ambulance
- **Emergency treatment** and medical supplies
- **Follow-up care** for recovering families

Keeping the clinic open ensures children get immediate emergency diagnosis, transportation to specialized care, and ongoing recovery support.

Will you make a gift today, of any amount, to help keep River of Life Clinic open and its ambulance ready for the next child in need?

Give to CUPS Mission Malawi Clinic
